

April 2017

April is Sexual Assault Awareness Month in the United States! The SAVA Center will be hosting a variety of events in Fort Collins, Loveland, and Greeley, CO — you can find details about events and opportunities to get involved on our website.

The SAVA Center serves over 600 survivors of sexual assault and presents to 4,000 youth each year about sexual violence.

Sexual violence is happening in Larimer and Weld County. Our community can work together to end it. Attend one of our awareness events or contact us for volunteer opportunities, and show your support for survivors in our community.
